DRAIN MEASUREMENT RECORD

This is a record of how much fluid is being collected in each drain. Please **bring this with you each time you come to the office**.

- ❒ **Make sure you take antibiotics (cephalexin or azithromycin) as long as you have a drain.** Call the office for a refill if you are running out of antibiotics.
- ❒ Measure and record in cc's (also known as ml's) the amount of fluid collected in each drain **three times daily**.
- ❒ Record the date in the first column and the time of day you are doing the measurement in the second column.
- ❒ Record the amount you measure from your first drain in the column labeled "Drain 1", the amount you measure from the second drain under "Drain 2", and so on.
- ❒ Call us if you have any questions about your drains!

DATE	TIME	DRAIN 1	DRAIN 2	DRAIN 3	DRAIN 4	DRAIN 5	DRAIN 6
