How did you find out about our office? _____

We are sensitive to your privacy wishes. In the following sections, please help us understand how we may best communicate with you, and how we may communicate about you to other health care providers.

Communication by texting and email is convenient, efficient, and a part of daily life for many people. It is important that you understand that email and text communications between you and us are not encrypted and therefore not secure. If you communicate with us from your workplace computer, your employer and its agents may have access to these communications. Any email communication between you and us may become part of your medical record and be accessible to the office staff as needed.

- Yes, I consent to texting communication with Dr. Kunkel and the office staff
- Please list your email address only if you authorize Dr. Kunkel and the office staff to communicate with you by email:

- I understand that I am responsible for providing Dr. Kunkel's office staff of any updates to my email address
- I understand that I may revise or withdraw my consent at any time by notifying the office of this desired change
- No, I prefer not to have email communication
- No, I prefer not to have text communication

We use an electronic medical record system in the office. To allow more effective coordination of your care with others involved in your care (doctors, hospitals, labs, pharmacies, radiology centers, etc.), the electronic record system may be connected to a secure health information exchange. Please place a check mark in the appropriate box:

- I agree to allow my records to be communicated via the internet secure health information exchange in order to aid in coordinating my care.
- I do not want my records to be communicated via the internet secure health information exchange. I understand that this decision means that information that is important to my care may not be communicated as efficiently.

We also utilize TouchMD in the office. TouchMD is an internet-based company that helps us create a more thorough, complete educational experience. By creating a private, password-protected account with TouchMD, you can access diagrams and videos of procedures that are of interest to you. Photographs that we take of you are sent electronically to TouchMD, which then allows you to view the photos in the comfort of your own home or on your mobile device. Please check the appropriate box:

- I agree to use the TouchMD service, allowing me to view diagrams, videos, and my photographs through a password-protected internet connection created by TouchMD.
- I do not want to participate in the use of the TouchMD service. I do not wish to see additional videos or diagrams or my photographs through this system.
